 The CG Program is as to watch a computer graphics on a dome screen. Programs are made in full-dome, providing a 360 degree experience. During \*Kids Time\*, the Sky Watching Guide is made easier for the children to understand.

### Cosmo hoshizora sampo

40 min. program including Sky gazing Guide

We would like to guide you to the starry night that you can gaze at the day you visit.  
 Please enjoy our live commentary.

### The traces of the sun and stars in Tokyo

40 min. program including Sky gazing Guide

The starry sky above us have not changed through the thousands of years.  
 We would like to introduce you the traces of the sun and stars created by people lived in the past in Tokyo.

### Cosmic Front - The space elevator -

25 min. CG Program + 15min. Sky Gazing Guide

In 2050, it is said that the space elevator will become a reality. Our image of space travel will completely change.  
 From the base on the ground called Earth Port extending into the universe, there will be a cable where we can move with a vehicle called "Climber".

How was the concept of the space elevator born and what is the plan to build it?  
 The time to easily enjoy space travel is right around the corner.

### Starry Music - Season 2 -

40 min. program including Sky Gazing Guide

The second series of the original music program for Cosmo Planetarium Shibuya!  
 Have a relaxing wonderful time watching millions of stars by the beach. Have you ever wondered where we came from? This program will take you back to 13.8 million years ago and show you the creation of the solar system, birth of our planet earth and the revolution of life. Let's go on a spectacular space journey with delightful classical music.

## The adventure to the Mars with Hachi-ko
