 The CG Program is as to watch a computer graphics on a dome screen. Programs are made in full-dome, providing a 360 degree experience. During \*Kids Time\*, the Sky Watching Guide is made easier for the children to understand.

### Starlit Journey - Four choices for your Starlit Journey -

40 min. program including Sky Watching Guide

There are so many nice places for gazing at stars all over the world. For instance, the Lake Tekapo, the famous spot for starry sky in New Zealand, Germany where the planetarium had been invented, Egypt where the constellations had been developed and Canada where we can enjoy northern lights dancing through the starry sky. You will find new attractive points of each place focusing on stars. We provide you four Plans. It's up to your decision. Would you like to join us to enjoy "Starlit Journey"?

### Cosmic Front - The Search for Dark Matter -

25 min. CG Program + 15min. Sky Watching Guide

We can only see 5% of substances in space. The rest is occupied by mysterious things which "exist but we do not know what they look like." One of them is dark Matter. In this film, we focus on researchers striving to unravel the mysteries of dark matter. We will be introducing cutting edge theories and the world's first observations of them working towards the discovery of dark matter.

The third installment of the hit series Planetarium Version Cosmic Front !

### Starry Music - Featuring the Healing Voice of Alchemist -

40 min. program including Sky Watching Guide

This is the original music program features the singing group, Alchemist, for the first time at Cosmo Planetarium Shibuya. You could enjoy listening to their healing voice under thousands of stars and seasonal constellations. We would like to take you on a journey through the changing night sky, so that you can feel the huge scale of universe. Please relax and enjoy this precious moment while soaking in the dreaminess of the accompanying music.

## The stories of the Zodiac signs

40 min. (30 min. for the Kids Time) Live Commentary

There are 12 Constellations that represent our birthdays, also known as zodiac signs. Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces.

Each zodiac sign and constellation have a remarkable story. This program will introduce the constellations that we can see each night, and take you to the world of fascinating stories. These stories will change every month, so you can enjoy it over and over.
