The Star Gazing Guide is a live commentary about stars and constellations that will be able to be seen on the day of your visit.

The CGI is as to watch a computer graphics on a dome screen.  
Programs are made in full-dome, providing a 360 degree experience.

During \*Kids Time\*, the Star Watching Guide is made easier for the children to understand.

### ICY SATELLITE

40 min. program including Star Gazing Guide

There are hundreds of moons within our solar system.

The moons of Jupiter and Saturn are a great distance from the sun, so we have long believed them worlds of ice. However, recent research has discovered active volcanoes on the surfaces of some moons and oceans of salt water underneath their thick layers of ice.

We would like to take you on a journey to explore these beautiful icy moons.

### Inazma Delivery

40 min. program including Star Gazing Guide

An alien named "BYTHEWAY" who lives in a faraway galaxy, leaves his home planet to meet sharks on Earth. While adventuring across the universe, he encounters perilous black holes, mysterious galaxies and various stars!

Join "BYTHEWAY" as he explores the wonders of space and learns about diversity here on Earth.

### Starry Music Special Edition - music by ACIDMAN -

40 min. program including Star Gazing Guide

Cosmo Planetarium in Shibuya invites you to our 4<sup>th</sup> annual Starry Music Series.

At this one of a kind event, you can enjoy a unique musical experience featuring ACIDMAN and see stunning images of the cosmos taken by the worlds most powerful telescope, ALMA, all the way from Chile in south America. Through a fusion of the latest in astronomical technology and breathtaking CGI, you can learn about and travel into the great unknown!

Come and experience the wonders of the universe today!

### The adventure to the Moon with Hachi-ko

30 min. program including Star Gazing Guide

Hachi-ko, the most famous dog in Shibuya, will take you to the Moon! What will happen to you?  
Please enjoy your space adventure with Hachi-ko !
