 The CG Program is as to watch a computer graphics on a dome screen. Programs are made in full-dome, providing a 360 degree experience. During *Kids Time*, the Sky Watching Guide is made easier for the children to understand.

Starry Music - Season 3-

40 min. program including Sky Gazing Guide

Our lives have become bright and convenient these days. At the same time, however, it has become very difficult to gaze at stars. Nevertheless you can still find that this world is filled with beautiful stars, sceneries, and sounds. What will you see with your heart after going through this journey? Enjoy our third original healing program.

Cosmo hoshizora sampo

40 min. program including Sky Gazing Guide

We would like to guide you to the starry night that you can gaze at in the day you visit.
 Please enjoy our live commentary.

The traces of the sun and stars in Tokyo

40 min. program including Sky gazing Guide

The starry sky above us have not changed for the thousands of years.
 We would like to introduce you the traces of the sun and stars created by people lived in the past in Tokyo.

Cosmic Front - The space elevator -

25 min. CG Program + 15min. Sky Gazing Guide

In 2050, it is said that the space elevator will become a reality. Our image of space travel will completely change.
 From the base on the ground called Earth Port extending into the universe, there will be a cable where we can move with a vehicle called "Climber".
 How was the concept of the space elevator born and what is the plan to build it?
 The time to easily enjoy space travel is right around the corner.

The adventure to the Mars with Hachi-ko

40 min. (30 min. for the Kids Time) Live Commentary

Hachi-ko, the most famous dog in Shibuya, will take you to the Mars! What will happen to you?

Please enjoy your space adventure with Hachi-ko !
