	19:00 Pieces of the universe

All programs are approximately 40 min. (Kids time is 30min.)
The Star Gazing Guide is a live commentary about stars and constellations that will be able to be seen on the day of your visit.

The CG Program is as to watch a computer graphics on a dome screen. Programs are made in full-dome, providing a 360 degree experience.
During *Kids Time*, the Star Watching Guide is made easier for the children to understand.

Pieces of the universe

40 min. program including Star Gazing Guide

Before World War 2, in Tokyo, there was a pipe organ and a planetarium.

The magnificent sound of organ and the brilliant stars in the planetarium attracted a young boy's heart, even though the planetarium was later burned down in the war. He was deeply moved by the Symphony of the Universe.

This was something he could never stop thinking about throughout his life, which led him to question our connections with the universe.

Where have we come from and where will we go?

This is the story about the relationship between the universe and life on earth.

Planet Journey

40 min. program including Star Gazing Guide

There are 8 planets in our solar system, such as Venus, Mars, Jupiter and Saturn and so on.

Can you imagine how different their scenery is from our own planet Earth?

We would like to take you on a Journey through our solar system.

Have a wonderful cosmic trip !

Starry Music season 3

40 min. program including Star Gazing Guide

Our lives have become convenient with city lights these days. At the same time, it has become very difficult to gaze at stars. Nevertheless you can still find that this world is filled with beautiful stars, scenery, and sounds. What will you experience after going through this journey? Enjoy our third original healing program.

Cosmo hoshizora sampo

40 min. program including Star Gazing Guide

We would like to guide you through the starry night that you can gaze at on the day you visit.
Please enjoy our live commentary.

A journey to the moon with Hachi-ko

30 min. program including Star Gazing Guide

After we gaze at the stars, we will go on a journey to the moon. So, what's it like on the moon?

Light sticks will be handed down to borrow during the program.

Please join us in using them to cheer on Hachi during our journey.

Programs are subject to change each season. Summer season: The Apollo Explorer

ALL PROGRAMS ARE IN JAPANESE. THERE ARE NO ENGLISH SUBTITLES.
